FOREWORD

The Government of Kenya (GoK) is committed to ensuring that policy objectives for Education, Training and Research meet the aspirations of the Constitution of Kenya 2010, the Kenya Vision 2030, National Curriculum Policy 2018, the United Nations Sustainable Development Goals (SDGs) and the regional and global conventions to which Kenya is a signatory. Towards achieving the mission of Basic Education, the Ministry of Education (MoE) has successfully and progressively rolled out the implementation of the Competency Based Curriculum (CBC) at Pre-Primary, Primary and Junior School levels.

The Kenya Institute of Curriculum Development (KICD) reviewed the curriculum and rationalised the number of learning areas in 2024. The review and rationalisation process was informed by several factors, among them, the recommendations of the Presidential Working Party on Education Reforms (PWPER) and reports of the continuous curriculum monitoring and evaluation activities.

The reviewed curriculum designs build on competencies attained earlier by learners. The designs prepare the learner for smooth transition to the next level. The designs will also afford the learner opportunities for developing requisite competencies and enable them to interact with other people and the environment around them.

The key components of the curriculum designs include the National Goals of Education, the essence statement, general and specific learning outcomes as well as the strands and sub strands. Suggested learning experiences, key inquiry questions, core competencies, Pertinent and Contemporary Issues (PCIs), values and assessment rubrics are also outlined in the curriculum designs.

It is expected that all Government agencies and other stakeholders in Education will use the designs to plan for the effective and efficient implementation of the Competency Based Curriculum.

Thank you.

HON. EZEKIEL Ombaki MACHOGU, CBS
CABINET SECRETARY,
MINISTRY OF EDUCATION

PREFACE

The Ministry of Education (MoE) rolled out the Competency Based Curriculum (CBC), nationally in 2019, following a national convention in 2017 where the *Basic Education Curriculum Framework (BECF)* was adopted by stakeholders and a national pilot of the curriculum in the Early Years of Education (EYE) in 2018. According to the UNESCO IBE requirements, a curriculum should be reviewed every five years. So, the review of CBC was due from 2023. In view of this, the reviewed curriculum designs will enhance the implementation of CBC since it corporates the lessons learnt from the implementation of CBC so far.

Consistent periodical review of the curriculum is also critical in the realisation of the Vision and Mission of the on-going curriculum reforms as enshrined in the Sessional Paper No. I of 2019 whose title is: *Towards Realizing Quality, Relevant and Inclusive Education and Training for Sustainable Development* in Kenya. The Sessional Paper explains the shift from a content-focused curriculum to a focus on producing an engaged, empowered and ethical citizen.

Therefore, the reviewed curriculum designs will facilitate the inculcation of core competencies in CBC, which are identified as: communication and collaboration, critical thinking and problem solving, creativity and imagination, citizenship, digital literacy, learning to learn and self-efficacy.

The curriculum designs provide suggestions for interactive and differentiated learning experiences linked to the various strands and sub strands and other aspects of the CBC. The designs also outline suggested learning resources and varied assessment techniques. It is expected that the use of these designs will lead to enhanced learning outcomes at various levels, prepare the learner for smooth transition to subsequent grades and make learning enjoyable.

The MoE requests all stakeholders to keep giving feedback on the curriculum designs to inform the review during the next cycle.

Thank you.

DR. BELIO R. KIPSANG, CBS
PRINCIPAL SECRETARY STATE DEPARTMENT FOR
EARLY LEARNING AND BASIC EDUCATION
MINISTRY OF EDUCATION

ACKNOWLEDGEMENT

The Kenya Institute of Curriculum Development (KICD) Act Number 4 of 2013 (Revised 2019) mandates the Institute to develop and review curricula and curriculum support materials for basic and tertiary education and training. The curriculum development process is guided by research, international best practices as well as stakeholder engagement. The Institute conceptualised the Competency Based Curriculum (CBC) in consultation with the Ministry of Education and other stakeholders. According to the *Basic Education Curriculum Framework* (KICD, 2017) the conceptualisation of CBC was informed by 21st Century learning needs, the Constitution of Kenya 2010, the Kenya Vision 2030, the East African Community Protocol, the International Bureau of Education (IBE) Guidelines and the United Nations Sustainable Development Goals (SDGs).

KICD is funded by the Kenya Government to discharge its mandate. The institute also receives support from development partners targeting specific programmes. The reviewed curriculum designs were developed with the support of the World Bank through the Kenya Primary Education Equity in Learning Programme (KPEELP) - a project coordinated by MoE. KICD wishes to most sincerely thank the Government of Kenya, through the MoE and other development partners. More specifically, KICD appreciates the Cabinet Secretary - MoE and the Principal Secretary – State Department of Basic Education,

Additionally, the Institute expresses gratitude to all the KICD staff members, teachers, university lecturers, MoE staff, Semi-Autonomous Government Agencies (SAGAs) and representatives of various stakeholders; among others, for their contributions to the development of the reviewed curriculum designs. Finally, KICD acknowledges the Chief Executive Officers of the Teachers Service Commission (TSC) and the Kenya National Examinations Council (KNEC) as well as the KICD Council for supporting the curriculum review process.

May God bless all the individuals and respective institutions who in one way or another supported the curriculum review process. Indeed, these designs will effectively guide the implementation of the CBC at Primary level, thereby preparing the learner to transition to the Junior School.

Best wishes to all learners and curriculum implementers.

NATIONAL GOALS OF EDUCATION

1. Foster nationalism, patriotism, and promote national unity

Kenya's people belong to different communities, races and religions and should be able to live and interact as one people. Education should enable the learner acquire a sense of nationhood and patriotism. It should also promote peace and mutual respect for harmonious co-existence.

2. Promote social, economic, technological and industrial needs for national development

Education should prepare the learner to play an effective and productive role in the nation.

a) Social Needs

Education should instil social and adaptive skills in the learner for effective participation in community and national development.

b) Economic Needs

Education should prepare a learner with requisite competences that support a modern and independent growing economy. This should translate into high standards of living for every individual.

c) Technological and Industrial Needs

Education should provide the learner with necessary competences for technological and industrial development in tandem with changing global trends.

3. Promote individual development and self-fulfilment

Education should provide opportunities for the learner to develop to the fullest potential. This includes development of one's interests, talents and character for positive contribution to the society.

4. Promote sound moral and religious values

Education should promote acquisition of national values as enshrined in the Constitution. It should be geared towards developing a self-disciplined and ethical citizen with sound moral and religious values.

5. Promote social equity and responsibility

Education should promote social equity and responsibility. It should provide inclusive and equitable access to quality and differentiated education; including learners with special educational needs and disabilities. Education should also provide the learner with opportunities for shared responsibility and accountability through service learning.

6. Promote respect for and development of Kenya's rich and varied cultures

Education should instil in the learner appreciation of Kenya's rich and diverse cultural heritage. The learner should value own and respect other people's culture as well as embrace positive cultural practices in a dynamic society.

7. Promote international consciousness and foster positive attitudes towards other nations

Kenya is part of the interdependent network of diverse peoples and nations. Education should therefore enable the learner to respect, appreciate and participate in the opportunities within the international community. Education should also facilitate the learner to operate within the international community with full knowledge of the obligations, responsibilities, rights and benefits that this membership entails.

8. Good health and environmental protection

Education should inculcate in the learner the value of physical and psychological well-being for self and others. It should promote environmental preservation and conservation, including animal welfare for sustainable development.

GENERAL LEARNING OUTCOMES FOR PRIMARY SCHOOL EDUCATION

By the end of Primary School Education, the learner should be able to:

- a) Use verbal and or non-verbal cues to convey information in varied contexts.
- b) Demonstrate mastery of number concepts to solve problems in day to day life.
- c) Use appropriate social skills, moral and religious values to positively impact the society.
- d) Develop individual talents and interests for self-efficacy.
- e) Make informed decisions as local and global citizens of a diverse, democratic society in an interdependent world.
- f) Devise innovative strategies for environmental conservation and sustainability.
- g) Apply digital literacy skills for learning and enjoyment.
- h) Appreciate Kenya's rich and diverse cultural heritage for harmonious living.

ESSENCE STATEMENT

Kenya is part of the international community and therefore the learner shall be given an opportunity to learn foreign languages in addition to the national, official and indigenous languages. These foreign languages include Arabic, French, German and Mandarin Chinese. The learner is expected to acquire the four language skills: listening, speaking, reading and writing at a basic level in the non-formal curriculum. This will give the learner an opportunity to acquire language competencies in experiential, innovative and flexible ways. Foreign languages learning at this level is guided by social-constructivism and environmental theories. Learning these languages will promote international consciousness and appreciation of one's own and other cultures. The learner will transit to Senior School having acquired basic proficiency equivalent to A1/YCT 2.

SUBJECT GENERAL LEARNING OUTCOMES

By the end of Upper Primary School, the learner should be able to:

- a) apply literacy, numeracy skills and logical thinking appropriately in self-expression,
- b) communicate effectively in diverse contexts,
- c) apply digital literacy skills appropriately for communication and learning in day-to-day life,
- d) practise hygiene, appropriate sanitation and nutrition to promote health,
- e) explore, manipulate, manage and conserve the environment effectively for learning and sustainable development,
- f) demonstrate ethical behaviour and exhibit good citizenship as a civic responsibility,
- g) demonstrate social skills, spiritual and moral values for peaceful co-existence,
- h) demonstrate appreciation of the country's rich, diverse cultural heritage for harmonious co-existence, manage pertinent and contemporary issues in society effectively.

2.0 READING

THEME 1: GREETINGS AND INTRODUCTION				
Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
2.0 Reading	2.1 Reading Aloud (2 lessons) <ul style="list-style-type: none"> • <i>Chinese tones</i> • <i>Fluency (pauses and expression)</i> 	By the end of the Sub Strand, the learner should be able to: <ol style="list-style-type: none"> distinguish Chinese tones in monosyllabic and disyllabic words, use appropriate pauses and expression in reading for fluency, appreciate the importance of punctuation pauses when reading aloud. 	The learner is guided to: <ul style="list-style-type: none"> • read out <i>pinyin</i> words on greetings and self-introduction using the correct tone 我、你、您、他、朋友、叫、什么、名字、是、不是、女孩、男孩, • match personal pronouns with the correct corresponding images and read them out (他、我、你、它、我们、你们、他们), • team up with peers to rearrange jumbled up sentences on greetings and introduction and read them aloud, • read out texts about simple introductions of self and others (name, age, gender) paying attention to punctuation marks and respond to the questions (你朋友叫什么名字?, 她是谁? 他是不是男、女孩?) collaboratively, • research online and offline the differences and similarities of punctuation marks in English and Chinese and share their findings. 	Why are pauses important when reading aloud?

Core competencies to be developed:

Digital literacy: The learner interacts with digital technology to search for the differences and similarities of punctuation marks in English and Chinese.

Values:

Unity: The learner collaborates with their peers to read and respond to questions on simple introductions.

Pertinent and Contemporary Issues (PCIs):

Analytical thinking skills: The learner develops analytical thinking skills as they rearrange jumbled up sentences on greetings and introduction and reads them out.

Link to other learning areas:

The learner can relate their learning to Kiswahili and English on the use of punctuation guides when reading texts.

THEME 2: FAMILY

Core competencies to be developed:

Self-efficacy: This is promoted as the learner identifies the names of family members within a nuclear family set up.

Values:

Respect: The learner exercises patience when they take turns to mimic reading a text for proper articulation.

Pertinent and Contemporary Issues (PCIs):

Citizenship education: The learner develops an appreciation and respect for diverse cultures and perspectives within society as they research the role of family in Kenya and China.

Link to other learning areas:

The learner can relate the skills used in making oral presentations to Creative Arts.

Core competencies to be developed:

Learning to learn: The learner works collaboratively with peers to construct simple sentences using vocabulary on the theme.

Values:

Unity is nurtured as the learner takes turns reading simple sentences with the correct pronunciation.

Pertinent and Contemporary Issues (PCIs):

Peer education and mentorship is developed as the learner reads their choice of simple texts to their peers for critique.

Link to other learning areas:

The learner links their learning to English and Kiswahili on use of appropriate intonation, expression, and pacing while reading aloud.

THEME 4: TIME

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)

How can you ensure effective oral expression when reading aloud?

Core competencies to be developed:

Communication and Collaboration: The learner develops teamwork skills as they participate actively in reading the sentences on moments of the day with peers.

Values:

Unity: The learner respects other people's opinion as they discuss the importance of proper planning of activities during the day.

Pertinent and Contemporary Issues (PCIs):

Self-awareness: The learner becomes aware and accountable for their time during the day as they discuss the importance of schedules.

Link to other learning areas:

The learner can link their learning to Social Studies on the importance of time management skills.

Core competencies to be developed:

Self-efficacy: This is developed as the learner accurately categorises the food items based on the mealtimes they are taken.

Values:

Responsibility: The learner collaborates with others to recite a tongue twister on food with proper articulation.

Pertinent and Contemporary Issues (PCIs):

Healthy eating habits are nurtured as the learner distinguishes healthy and unhealthy diets based on the food items provided.

Link to other learning areas:

The learner can relate the concept of food items and healthy eating to their learning in Agriculture and Nutrition.

Core competencies to be developed:

- Self-efficacy: Effective communication skills are developed when the learner identifies the challenges in their writing and proposes strategies to address them.
- Learning to learn: The learner is motivated to learn continuously as they receive constructive feedback from their peers on the poem.

Values:

Peace: The learner displays calmness as they receive feedback on the simple poem they composed.

Pertinent and Contemporary Issues (PCIs):

Self-awareness: The learner becomes aware of the importance of the different parts of their body and appreciates their functions.

Link to other learning areas:

The learner is can link the concept of body parts and their functions to their learning in Science and Technology.

THEME 8: WEATHER AND ENVIRONMENT

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
3.0 Writing	3.8 Guided Writing (1 lesson) <i>Descriptive texts</i>	By the end of the Sub Strand, the learner should be able to: a) make use of familiar and unfamiliar words in writing, b) compose simple descriptive texts about their preferences, c) show interest in writing clearly for effective communication.	The learner is guided to: <ul style="list-style-type: none"> • work jointly to find the meaning of unfamiliar words using dictionaries / online resources, • compose simple sentences using the vocabulary related to weather patterns (e.g. 晴天 <i>qíngtiān</i>、雨天 <i>yǔtiān</i>、风天 <i>fēngtiān</i>、阴天 <i>yīntiān</i>), • use the pictures depicting the different activities carried out during various weather patterns to write short descriptions, • describe the weather using simple sentences (e.g. 今天阴天), • choose a weather pattern of their choice and compose a creative presentation with pictures and simple descriptions, • team up with peers to observe the weather forecast of their locality for a period and create a log with descriptions of the various weather patterns. 	How can one write effectively?

Core competencies to be developed:

Creativity and Imagination: The learner exhibits networking skills when they work with peers to create a weather log with descriptions of weather patterns in their locality.

Values:

Unity is nurtured as the learner collaborates with their peers to find the meaning of unfamiliar words using dictionaries / online resources.

Pertinent and Contemporary Issues (PCIs):

Assertiveness is developed as the learner takes part in group tasks and ensures that their views contribute positively to the group's success as they look for the meaning of unfamiliar words from various resources.

Link to other learning areas:

The learner can relate the skills used in descriptive writing to English and Kiswahili.

THEME 9: GETTING AROUND

Ability to write coherent texts on varied themes.	The learner writes texts exceptionally well, with a logical flow, clear organisation of ideas, and effective transitions between paragraphs.	The learner writes texts with good organisation, a clear structure, logical progression, and effective transitions, contributing to a well-structured piece.	The learner writes texts with basic organisation, but the structure may lack clarity, and transitions between ideas may be somewhat abrupt.	The learner writes texts with challenging organisation and lacks clear structure and coherence, making it difficult for the reader to follow.

APPENDIX I: CSL AT UPPER PRIMARY (GRADE 4-6)

At this level, the goal of the CSL activity is to provide linkages between concepts learnt in the various Learning Activities and the real life experiences. Learners begin to make connections between what they learn and the relevance to their daily life. CSL is hosted in the Social studies learning area. The implementation of the CSL activity is a collaborative effort where the class teacher coordinates and works with other subject teachers to design and implement the integrated CSL activity. Though they are teacher-guided, the learners should progressively be given more autonomy to identify problems and come up with solutions. The safety of the learners should also be taken into account when selecting the CSL activity. The following steps for the integrated CSL activity should be staggered across the school terms:

Steps in carrying out the integrated CSL activity

1) Preparation

- Map out the targeted core competencies, values and specific learning areas skills for the CSL activity
- Identify resources required for the activity (locally available materials)
- Stagger the activities across the term (set dates and time for the activities)
- Communicate to learners, parents/caregivers/guardians, school administration, teachers and other relevant stakeholders in the school community
- Identify and develop assessment tools

2) Implementation CSL Activity

- Assign roles to learners
- Ensure every learner actively participates in the activity
- Observe learners as they carry out the CSL activity and record feedback
- Use an appropriate assessment tool to assess both the process and the product (Assess learner's work from the beginning to the end product)
- Assess the targeted core competencies, values and subject skills

3) Reflection on the CSL Activity

Conduct a self-evaluation session with learners on the integrated CSL activity undertaken by discussing the following:

- what went well and why
- what did not go well and why
- what can be done differently next time
- what they have learnt.

There will be **one** integrated CSL activity that will be conducted **annually**. The thematic areas for the integrated CSL activity will be derived from the broader categories of the PCIs and concepts from the various Learning Areas. Teachers are expected to vary the themes yearly to allow learners to address different PCIs within their contexts. There should be a linkage between the skills from the learning areas and the themes.

The integrated CSL activity will take a Whole School Approach (WSA) where the entire school community is involved (learners, parents/caregivers/guardians, school administration, teachers). Parents/caregivers/guardians are key stakeholders in the planning and execution of the CSL activity. Although the teacher takes the lead role in the planning and integration of the CSL activity, the learners will be expected to participate actively in the whole process.

The CSL activity provides an opportunity for the development of core competencies and the nurturing of various values. The teacher is expected to vary the core competencies and values emphasised in the activity yearly.

Assessment of the CSL Activity

Assessment of the integrated CSL activity will focus on 3 components namely: skills from various learning areas applied in carrying out the activity, and core competencies and values demonstrated. Assessment should focus on both the process and end product of the CSL activity. The teacher will assess learners in groups using various tools such as an observation schedule, checklist or rating scale or any other appropriate tool.
