

CURRICULUM REFORMS IN KENYA

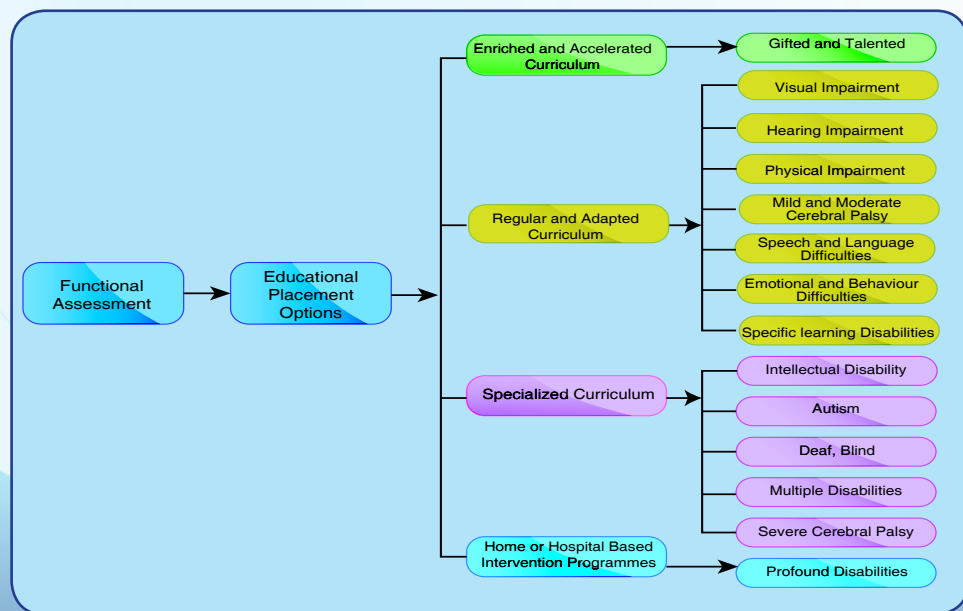

Special Needs Education in CBC

The Basic Education Curriculum Framework (BECF) gives provisions for a differentiated curriculum for learners with special needs who may follow the regular curriculum with adaptations and those who may require a specialized curriculum.

Provision of a differentiated curriculum is stipulated in the sector policy for learners and trainees with disabilities (2018).

Competency Based Curriculum is geared towards nurturing every learner's potential. No learner is left out.

SPECIAL NEEDS EDUCATION MODEL
