COMPETENCY BASED CURRICULUM

LIST OF APPROVED RATIONALISED LEARNING AREAS COURSE AND COMPLEMENTARY MATERIALS

FOR
PRE-PRIMARY 1, PRE-PRIMARY 2,
GRADE ONE (1) – NINE (9)

DECEMBER, 2024

KENYA PUBLISHERS ASSOCIATION

PREFACE

It is with great pleasure that I present the List of Approved Rationalised Learning Areas Course Materials for the Year 2024, developed and validated through a rigorous and consultative process by the Kenya Institute of Curriculum Development (KICD). This list marks a significant milestone in our ongoing commitment to provide quality, relevant, and inclusive curriculum support materials aligned with the competency-based curriculum (CBC) framework.

The rationalisation of learning areas is part of a broader national strategy to streamline curriculum content, reduce overload, and enhance the depth of learning. In response to emerging educational needs and stakeholder feedback, KICD coordinated a comprehensive review and evaluation process to ensure that only high-quality, age-appropriate, and pedagogically sound materials are recommended for use in our schools.

This document serves as a guide to educators, school administrators, publishers, and other education stakeholders by providing an authoritative list of course materials that meet the set standards and have been approved for use in the implementation of the CBC. It reflects KICD's mandate to ensure that teaching and learning resources support the holistic development of learners while promoting national values and fostering innovation.

I take this opportunity to appreciate all contributors to this exercise — including subject panel members, curriculum developers, teachers, and publishers — for their dedication and expertise. As we move forward, KICD remains committed to continuous quality improvement and to supporting the education sector with resources that empower learners and teachers alike.

We encourage all stakeholders to use this list as a reference point in the selection of instructional materials and to stay engaged in the journey of transforming education for a better future.

PROF. CHARLES ONG'ONDO, PHD, MBS
DIRECTOR/CHIEF EXECUTIVE OFFICER
KENYA INSTITUTE OF CURRICULUM DEVELOPMENT
